OW is asking whether OCSPP has a preferred PFAS definition. I understand that OECD's may still be in flux and the suggestion is to have them check back going forward. Do you have a preference. Maybe say **Ex. 5 Deliberative Process (DP)**

Hi. OCSPP was enlisted yesterday afternoon to review this TA with a focus on the PFAS definition on page 3. This is due to OW by COB today to send to their DAA. The bill amends the SDWA and the Water Pollution Control Act to provide financial assistance to states for PFAS testing and to provide for remediation. OPPT's response below

All,

Thank you for all of your hard work on this TA! This is the last call before I send this TA to OW's DAA for approval. Please provide any additional edits to the shared file by COB tomorrow.

OCSPP - I am adding you to this group because of your work on PFAS definition provisions in other TA work products. Please look at how PFAS are defined on page 3 and let us know if you have any TA input on the drafter's construct.

OLEM – please double check that you are ok with ORD's comment on Page 3 in turquoise highlight.

OWM/OGWDW – This version is basically the same as the one Elizabeth sent around on June 7. I fixed a few typos.

OCIR – you have an early preview of this consolidated TA, please let me know if you have any concerns.

Attached is the combined OGWDW-OWM-OLEM TA doc. OWM's (WID) is approved by Andrew and OGWDW's by Jennifer. OLEM and ORD's TA has been cleared by their respective chains and is shown here for convenience. (OGWDW and OWM have reconciled comments with OLEM where needed based on discussion with Melanie and Stiven.)

Much of OGWDW's TA is embedded in the SDWA language version that Matt provided below the draft bill.

Thanking everyone and LMK if questions.
